

Division D Report

To: Aref Dajani, DTM
From: Neil McDonnell, ATM-B
CC: District Officers
Date: July 23, 2006
Re: State of Division D

Successes

Tongue Tied went from closing to scheduling a Demo Meeting to rebuild club

Meeting scheduled for August 1st with AOL leadership to build a club

Nine clubs have four or more officers trained (2 Golden Toasters) – Four other clubs have four or more officers who have committed to me specific dates they'll be trained.

Concerns

Tongue Tied (5), SPY (13), and Leesburg (19) all starting below charter strength

SSP – employees are required to join but not told why it is valuable

District TLLs in August (many officers wait until the last moment)

Questions

How many club leads currently exists for the Div D geographic area?

What is the velocity of a European swallow?

Nominations

AG – Jim Honeywell, Area 42 Governor (began early, officer lists submitted, hosted July 1 TLI, mentoring Cisco, coaching Tongue Tied, participated in Div kick-off mtg. in June, served as installation officer, club visits done or scheduled, and so much more)

President – Linda Anderson-Jessup, Tech Tower #6506 (serves as example to others, greets all members and guests, actively pursuing an educational and leadership goal, had five officers trained by July 1st, reaches out to the District through the AG, already held an executive mtg. and completed a success plan, and so much more)

Highlight the club name in green when four or more officers have been trained. Red means no officers have been trained yet or slim chance of club having trained officers. Blue cells mean that officer has committed to get trained.
